

August 2026

The Newsletter of Brentwood Climate Action

Welcome to the August issue of the BCA Newsletter... It is with many thanks and great appreciation that this month's newsletter has been produced by our guest editor, JB, in my absence....

Hi All

News:

Letter Writing: We are sending out the Newsletter early to give us plenty of time to let you know that we have two meetings planned next week for Letter Writing.

It is envisaged that a letter-writing gathering, occasionally, would be an effective way to protest/applaud on a very accessible level. Anyone can suggest a cause for others to support. As a social gathering too, it is hard to beat.

This has been brought about by the many fascinating talks we have had each month over the last year, with speakers encouraging us to support their causes, both local and nationwide. This is the best way we can think of helping them. Hopefully, by the end of the session we will have a list for anyone to pursue in their own time. We will include these on our website with possible templates.

Get your list going and meet us at one, or both, of the following sessions:

Wed 5th August at 12 noon, Brentwood Library &

Thurs 6th August 6pm, The Climate Café, 7 Crown Street

New Members: We are pleased to welcome Wendy and Deborah to our steering committee. Both have already been allocated jobs and are wonderfully keen to start. Wendy will take on our social media and Deborah our task to bring like-minded groups together.

We are still in need of a treasurer, so if you (or someone you know) are interested, please get in touch. It is actually a very small role as we do not do a great amount of fundraising and do not take a membership fee.

Brentwood Climate Action Website: By the weekend we hope to have finished updating our website which will include a lot of useful information, including tips on conserving water and Philip's brilliant talk about water that he gave last weekend. Our review will be well worth reading plus you can catch up on reviews from our past climate cafes.

We have many exciting events coming up so please click on the link below.

<https://brentwoodclimateaction.org.uk/>

We hope to see you all there.
