

September 2026

The Newsletter of Brentwood Climate Action

Welcome to the September issue of the BCA Newsletter...it is with open arms that we welcome two new members to the BCA steering group. Wendy, in her role, is in the process of sorting out our social media pages, and Deborah, who is tasked with liaising with other like-minded local groups, of which will be of great benefit to all our shared concerns and with the coming together on our shared feelings will make all our voices so much louder. So we would like to thank both ladies very much for their enthusiasm and skill sets which they bring to the table.

News:

There were two letter writing sessions last month, which went well. We were presented with frameworks and templates to assist with how we should formulate our letters to send to MPs and Councillors.

If there is an event or topic you wish us to cover, or you need support with, please let us know. Remember, you do not have to be on the committee to make suggestions. Our members are very important to us and we would like the BCA to serve all of us.

Dates for your Diary:

Friday 11th September: **Film Screening.** The film '*Power Station*' is presented by one of our own members, namely **Dr Richard Millwood**.

The film charts the turbulent journey of two people who convinced their neighbours to come together and raise funds to install their own renewable energy source, of which they all now benefit from.

To find out more and to book tickets, please visit: <https://bcapowerstation.eventbrite.co.uk>

Venue: Gail's Bakery, 69 High Street, Brentwood, CM14 4RW.

Time: 7.00 for 7.30 pm.

Saturday 26th September: **BCA Climate Cafe.** **Tony Tiyou**, Founder and CEO of 'Renewables in Africa Automation' (RiAA), presents a talk "*From Africa to Brentwood: The Energy Transition - and What We Can Do at Home*". Tony will help us unravel our understanding of the changing energy landscape both globally and locally. With his experience in the renewables sector, predominantly in Africa, he will explain and explore the choices and options for us at home, at work and within our communities.

STOP PRESS STOP PRESS STOP PRESS

Saturday 17th October:

OUR BIG EVENT -

Quiz Night is coming!

Save the date and watch this space! Details to be finalised.

We will be hosting a stall in November for Lighting Up Brentwood. We will be making craft items to sell to raise funds. We will be holding one or two crafting sessions, details of which are still to be decided upon.

All our members are welcome to join the sessions, alternatively, we would also welcome crafted items made at home, or indeed, if you have fabric/felt scraps, threads, even ice lolly sticks collected over our very warm and dry Summer! I'm sure we could find a use for just about anything!

Other Events of Interest:

Tell your MP why good business matters.

[TCC mass lobby sign up form for Local Action Groups](#)

We will be joining Friends of the Earth on this mass lobbying on Wednesday 21st October.

Join **David Worsfold**, Deputy Leader, Brentwood Borough Council, Chair, Clean & Green Committee to hear about:

The Seymour Pavilion solar project journey and lessons learned. Community energy opportunities in Brentwood and across Essex. Practical energy-saving opportunities for businesses, schools, community centres, churches and voluntary organisations. Funding, support and future community energy projects. An open discussion on establishing a local Community Energy Group for Ingatestone.

Date: Wednesday 16 September 2026

Time: 7:00pm

Venue: Seymour Field Pavilion, New Road, Ingatestone, CM4 0HH

Tea and coffee will be available, with time for networking and questions.

We hope you can join us and help shape the future of community energy in the area.

And finally... some very good news...

Congratulations

are in order as our very own
Kat and her boyfriend, Ethan
are now engaged!
